

2009 KAON INTERNATIONAL CONFERENCE

KAON09

on June 09(Tue) ▶ 12(Fri), 2009 at EPOCHAL TSUKUBA

TOPICS will include • CP and T violation • CKM matrix and Flavor Mixing • Rare decays • precise SM tests • CPT and Quantum Mechanics • Lepton universality and flavor violation • Lattice gauge theory • Chiral perturbation theory • Physics beyond the Standard Model • Future opportunities in Kaon Physics

International Advisory Committee

Ed Blucher (University of Chicago)
Doug Bryman (University of British Columbia)
Andrzej Buras (Technical University Munich)
Nicola Cabibbo (University "La Sapienza", Rome)
Augusto Ceccucci (CERN)
Vincenzo Cirigliano (LANL)
Flavio Costantini (University of Pisa)
Paolo Franzini (University "La Sapienza", Rome)
Yuval Grossman (Cornell University)
George W.S. Hou (National Taiwan University)
Bob Hsiung (National Taiwan University)
Takao Inagaki (KEK)
Gino Isidori (INFN, Frascati)
Vladimir Kekelidze (JINR)
Steve Ketell (BNL)
Makoto Kobayashi (KEK & JSPS)
Heinrich Leutwyler (University of Bern)
Bill Marciano (BNL)
Hitoshi Murayama (UC Berkeley & IPMU, Tokyo)
Yosef Nir (Weizmann Institute)
Yasuhiro Okada (KEK)
Antonio Pich (IFIC, Valencia)
Chris Sachrajda (University of Southampton)
Bob Tschirhart (FNAL)
Yau Wah (University of Chicago)
Heinrich Wahl (University of Ferrara)

Local Organizing Committee

Taku Yamanaka (Osaka University, Chairperson)
Shoji Hashimoto (KEK)
Youichi Igarashi (KEK)
Jun Imazato (KEK)
Takashi Kaneko (KEK)
Takeshi K. Komatsubara (KEK)
GeiYoub Lim (KEK)
Tadashi Nomura (KEK)
Hiroaki Watanabe (KEK)

Host Institutions

- » High Energy Accelerator Research Organization (KEK), Japan
- » The Physical Society of Japan (JPS)
- » J-PARC Center

Supported in part by

- » Grant-in-Aid for Scientific Research on Priority Areas : "New Developments of Flavor Physics" by MEXT
- » Inoue Foundation for Science
- » Foundation for High Energy Accelerator Science
- » Tsukuba City
- » Tsukuba EXPO'85 Memorial Foundation

Tel: +81-29-879-6034
Fax: +81-29-864-7831
